I. DetailsTown Plan, Ongjin-~~ap~~

25X1

1. Sketch: See Attachment.2. Explanation to Attached Sketch:

1) Ongjin-gun KLP Committee: A single story structure with white lime coated mud walls and a black tile roof; Formerly used as a residence [redacted] Measures about 3.5 meters high; Employs about 30 personnel.

25X1

2) Ongjin-gun National Store: A wooden, single story structure with wooden walls and a black tile roof; [redacted] Measures about three meters high, three meters wide, and six meters long; Employs 2 workers.

25X1

25X1

3) Primary School: A single story structure with mud-stone walls and a tin roof; [redacted] Damaged during the Korean War; Temporarily repaired after the Armistice [redacted] Measures about four meters high, seven meters wide, and 40 meters long; Has six classrooms.

25X1

25X1

4) Ongjin-gun People's Committee: Six Korean style structures of single story with white lime coated mud walls and black tile roofs; [redacted] Each measures about 3.5 meters high.

25X1

5) Ongjin Railroad Station: Temporarily reconstructed from the former [redacted] structure which had been completely destroyed during the Korean War; Planned to be rebuilt after the termination of the first people's economic five-year plan [redacted] This railroad station has one passenger line in service between Ongjin and Haeju, each day leaving Haeju at 0600 hours, arriving at 1130 hours, and then again leaving for Haeju at 1230 hours. Freight trains are supposed to run two or three times each day, carrying away grains and mined ore and bringing in lumber, coal, cement, and some mining machines.

25X1

25X1

6) Ongjin-gun Communications Department: A single story structure of brick with white lime coated walls (but slightly pink in appearance) and a red tile roof; [redacted] Repaired from damages during the Korean War; Measures about five meters high, ten meters wide, and 15 meters long. This is the finest structure in Ongjin-~~ap~~. The department formerly used a Korean style structure of the Ongjin-gun People's Committee until it moved to the present brick structure.

- 7) Tongbu (East) Restaurant, Ongjin-gun Consumers' Guild: A wooden, single story structure of Korean style with white lime coated mud walls and a black tile roof. [redacted] Remained free of damages during the Korean War; Measures about 3.5 meters high, seven meters wide, and ten meters long. This restaurant is open between 0800 and 2200 hours each day, and anybody can eat there without producing his certificate. However, those who want to eat by ration are required to produce ration tickets. Before ordering, each patron has to buy his food ticket. The following types of food are served:
- | | | |
|----------------------|-------------|------|
| Rice-in-soup | 50 Wpn | |
| Cold Vermicelli | 50 " | |
| Ration Meal | 30 " | |
| Ardent Spirit (Soju) | 380 " (Toe) | 25X1 |
| Lunch | 100 " | |
| Side Dish | 100 " | |
- 8) Ongjin-gun National Rice-Cleaning Mill: A wooden, single story structure with wooden walls and a tin roof; Built after the Armistice. [redacted] Measures about ten meters high, seven meters wide, and 25 meters long; Furnished with rice cleaning machines. Of the tax-in-kind collected from farms in the vicinity of Ongjin-wp, grains to be cleaned are brought to this mill. 25X1
- 9) Ongjin Branch, Central Bank: A cement concrete structure of single story with a black tile roof; [redacted] Repaired from war-damages [redacted] Measures six meters high, 15 meters wide, and 15 meters long. 25X1
25X1
- 10) Ongjin-gun Forestry Management Station: A wooden, single story structure with white lime coated mud walls, a black tile roof, and many trees planted around it; Built after the Armistice; Measures about 3.5 meters high, seven meters wide, and 15 meters long.
- 11) Sobu (West) Restaurant, Ongjin-gun Consumers' Guild: A wooden, single story structure with walls of brick about one meter high on the lower side and of lime coated mud on the upper side; Measures about 3.5 meters high, seven meters wide, and 15 meters long. This restaurant serves food of the same types as the Tongbu Restaurant (Item 7 above).
- 12) Ongjin Motion Picture House: A structure under construction by the Hwanghae-namdo Trust, with walls finished [redacted] 25X1
- 13) Ongjin Market: This is the only public market that exists in Ongjin-wp, and has a number of wooden stalls. Grains and fish are available at the market. Fairs are set for the 1st, 5th, 11th, 15th, 21st, and 25th of month. People in Ongjin-wp and its adjoining areas make use of this market.

- 14) Consumers' Guild Store: A wooden, single story structure with a black tile roof and walls of brick about one meter high on the lower side; Built by the consumers' guild after the Korean War; Measures about 3.5 meters high, seven meters wide, and 15 meters long. With three employees, this store has on sale such items as rubber shoes, cloth, liquor, tobacco, chinawares, soap, and other distribution materials for laborers and clerical workers.
- 15-A) National Bathhouse: A single story structure with concrete walls and a black tile roof; Built from war-damages at the same site as before the Liberation in August 1945, where a hot spring was located; Measures about 3.5 meters high, five meters wide, and ten meters long. The bathhouse charges adults 20 W~~on~~ each and children 10 W~~on~~ each.
- 15-B) Public Bathhouse, Veteran's Production Cooperative: A wooden, single story structure with wooden walls and a tin roof; Built after the Korean War with old materials; Measures about 3.5 meters high, seven meters wide, and ten meters long; Charges adults 20 W~~on~~ each, 10 W~~on~~ children each, 40 W~~on~~ for a compartment bath.
- 16-A) Barber Shop, Consumers' Guild: A wooden, single story structure with white lime coated mud walls [redacted] Measures about three meters high, five meters wide, and ten meters long; Furnished with three hair-dressing chairs. 25X1
- 16-B) Cooperative Barber Shop: A wooden, single story structure with a tin roof; Measures about three meters high, four meters wide, and seven meters long; Built after the Korean War; Furnished with two chairs.
- 17) Ongjin-gun Internal Affairs Station: A two story structure with a flat, cement concrete roof [redacted] Measures about ten meters high, ten meters wide, and 20 meters long. 25X1
- 18) Ongjin-gun Military Mobilization Department: A single story (about one-third in two storied), brick structure with a black tile roof [redacted] 25X1
[redacted] Remained intact during the Korean War; Measures about ten meters high (but five meters high with the single storied part), ten meters wide, and 15 meters long. In addition to its primary task of conscripting youths between the age brackets of 18 and 25 outwardly on a voluntary basis, the mobilization department handles such matters as registering discharged servicemen and giving military training to those between 18 and 35 in age who have never been in military service. 25X1
- 19) Ongjin Junior Middle School: A brick, two story structure with a black tile roof; Built by the Hwanghae-nando Trust [redacted] Measures about ten meters high, seven meters wide, and 40 meters long. 25X1
- 20) Servicemen's Store: A wooden, single story structure with mud walls and a tile roof [redacted] Measures about three meters high, four meters wide, and seven meters long. 25X1

Although it is set up for military servicemen, this store sells items to civilians in order to promote sales.

- 21) Ongjin Motion Picture House: A temporary structure of single story with white lime coated mud walls and a black tile roof; Built after the Korean War; Measures about four meters high, 18 meters wide, and 20 meters long; Has a capacity of 300; Runs films only at night. This motion picture house is expected to move to a new building under construction (See Item 12) when it is completed. After this, it will be continuously used by another organization.
- 22) Ongjin Branch, Farmers' Bank: A wooden, single story structure with a black tile roof; [redacted] Located in a residential area; Measures about three meters high, four meters wide, and 12-13 meters long. 25X1
- 23) Bridge: [redacted] structure of concrete; Passable for vehicles to ten tons; Measures about five meters wide, eight meters long, two meters high above the water which is 50 cm deep. 25X1
- 24) Tojang-ni Agricultural Cooperative: A farmhouse-turned office structure of wood with a thatched roof. Built among many thatched farmhouses [redacted] Measures about three meters high, five meters wide, and ten meters long. 25X1
- 25) Old Gangue Depository, Ongjin Mine: [redacted] stone structure designed for safekeeping poisonous gangues to prevent them from reaching nearby rice paddies. The depository encircled by a stone wall is now out of use, and measures about 20 meters high, 100 meters wide, and 200 meters long. 25X1
- 26) Former Ore Dressing Site, Ongjin Mine: A former dressing site with a staircase left from bombing during the Korean War. Its reconstruction is envisioned in the people's economic five-year plan [redacted] 25X1
- 27) Pit Mouth, Ongjin Mine: A cement concrete structure of the same type as a tunnel; Measures about six meters wide and three meters high; Presumed to have been repaired for use [redacted] 25X1
- 28) Residences, Ongjin Mine: About ten wooden structures of Japanese style with tile roof [redacted] 25X1
- 29) Ongjin Transformer Station: A cement, single story structure with a tile roof; Measures about four meters high, eight meters long, and four meters wide. This station is supplied electricity of 3,300 volts from the Anak Transformer Station, Hwanghae-namdo, which is planned to be raised to 22,000 volts [redacted] The electricity is consumed by the Ongjin Mine as well as the inhabitants of Ongjin-ap. The station operates under the direct control of the Ministry of Electricity. 25X1
